

dwa

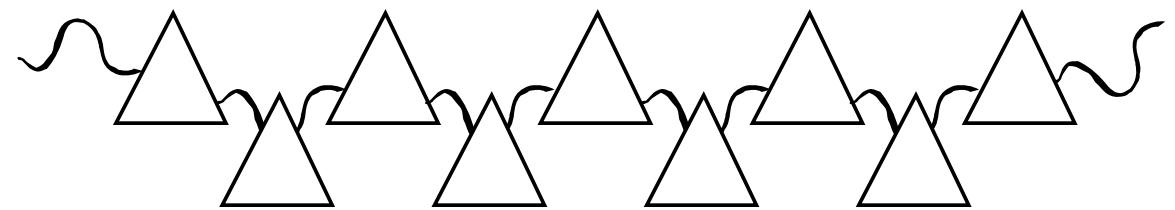

Tak ta dwójka
się wygina,
że łabędzia
przypomina.

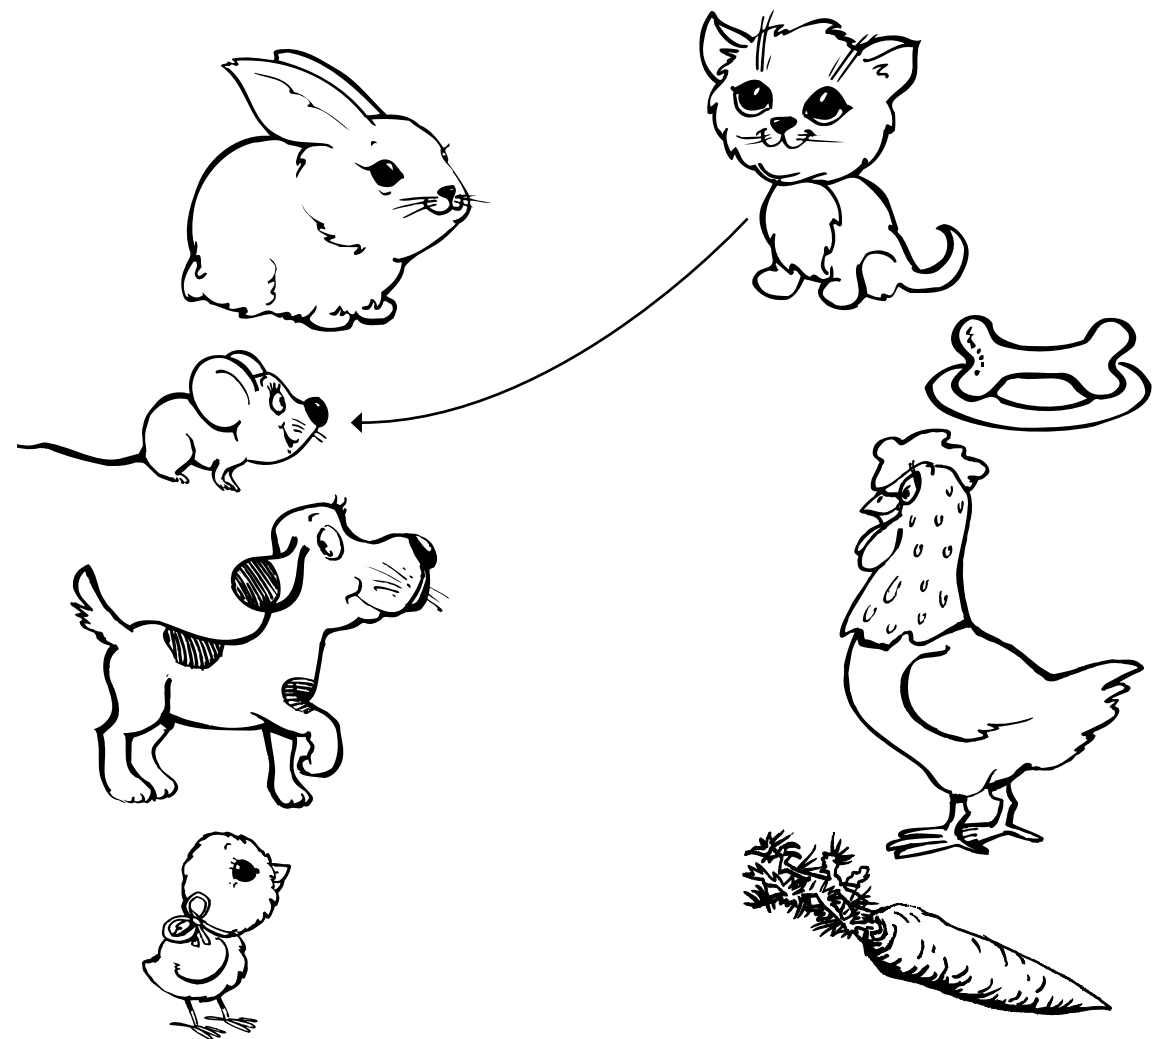

- Dorysuj brakujące elementy tak, aby w zbiorach było ich tyle samo.

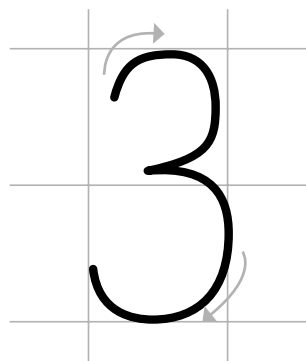

- Pokoloruj co drugi trójkąt.

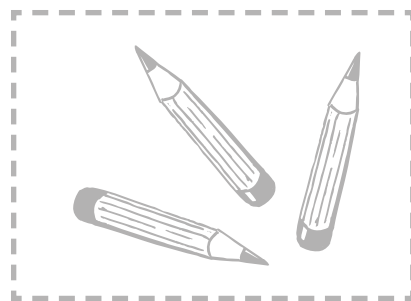

- Połącz w pary według wzoru.

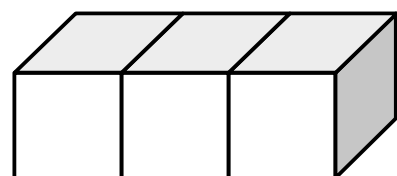

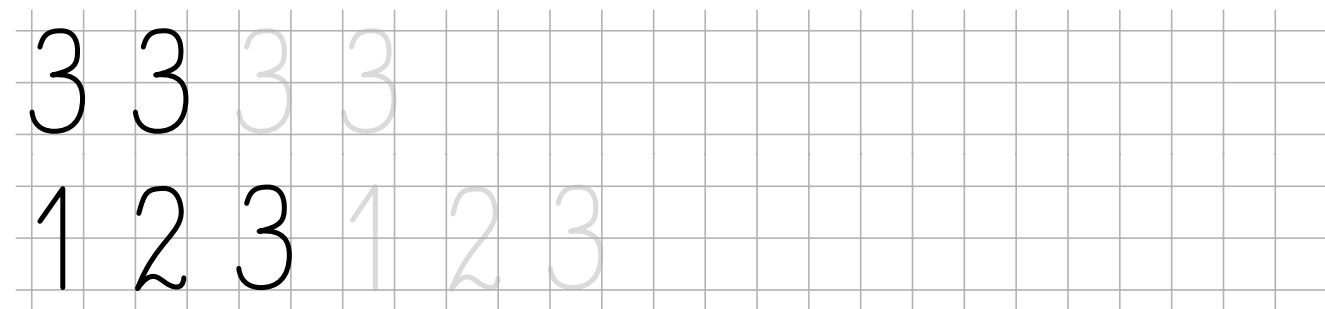

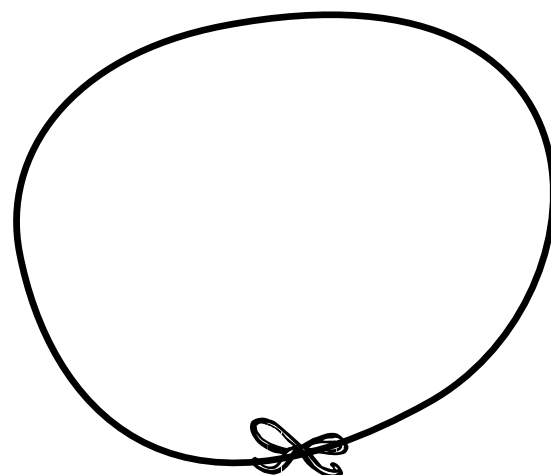

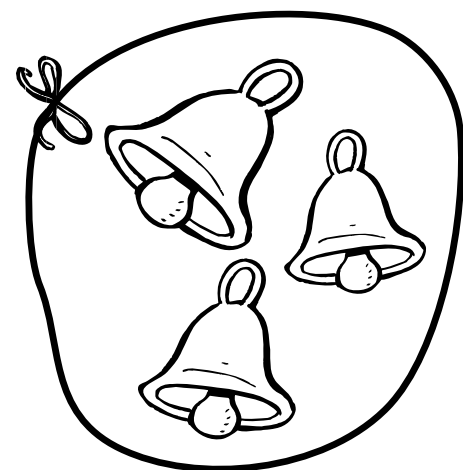

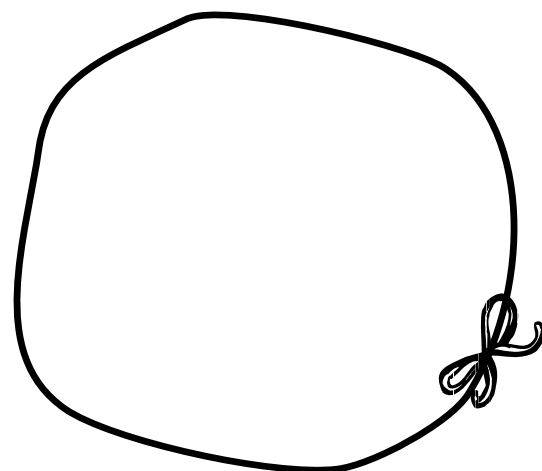

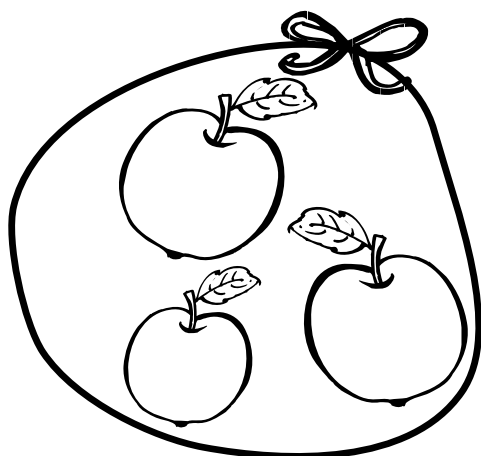

Mam trzy kredki kolorowe i rysować nimi mogę.

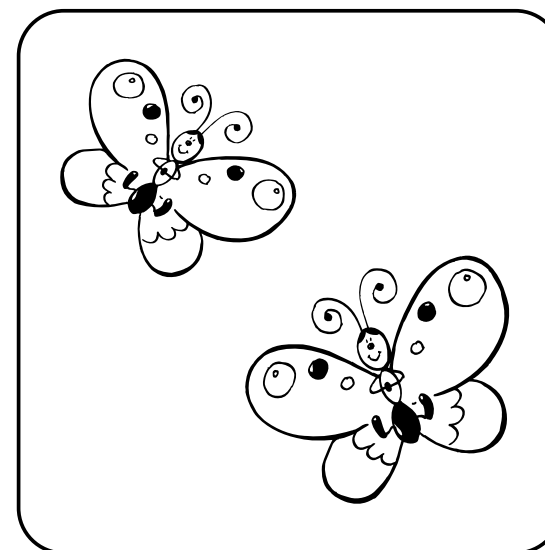

trzy

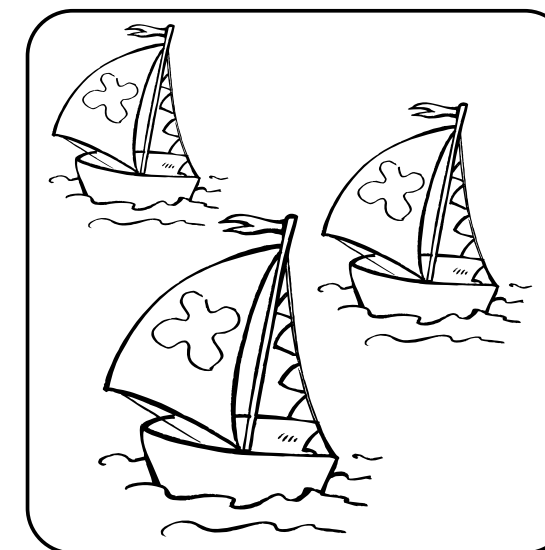

- Narysuj tyle elementów, aby w zbiorach było ich tyle samo.

- Zakreśl liczby, które wskazują, ile jest elementów.

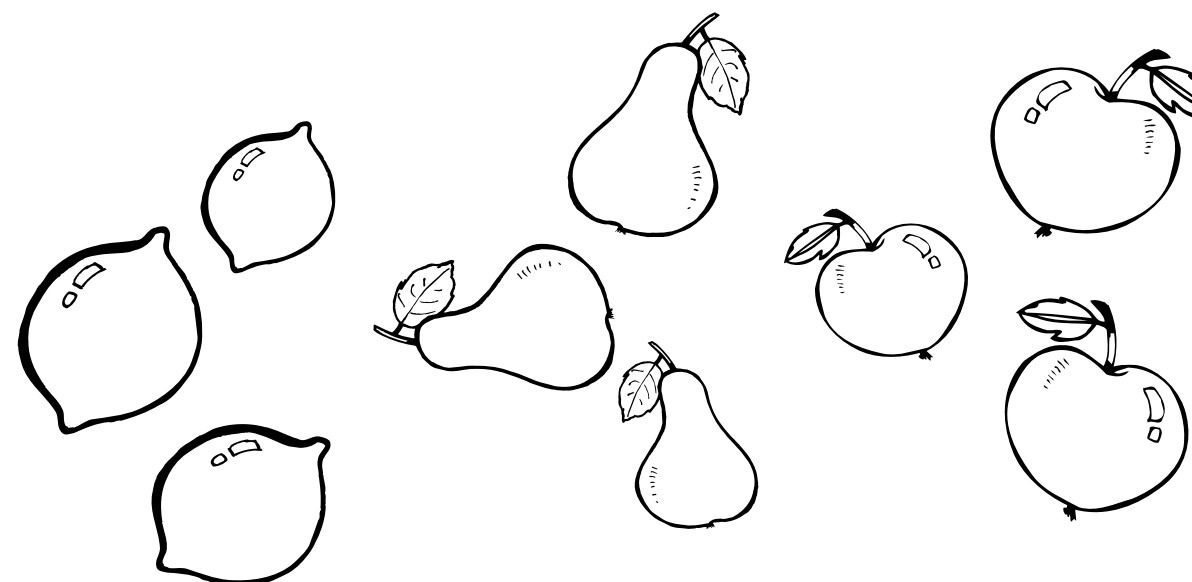

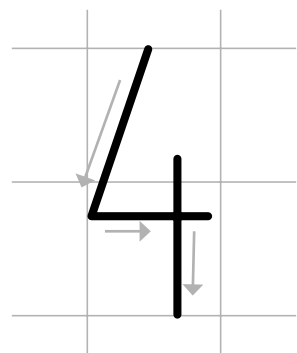

1 2 3 4 5

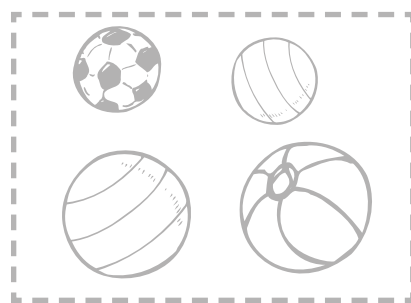

1 2 3 4 5

- Otocz pętlami po trzy takie same owoce.

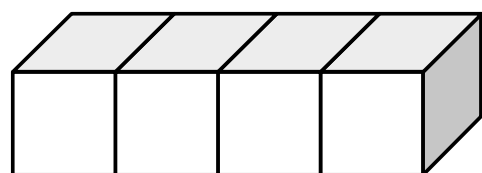

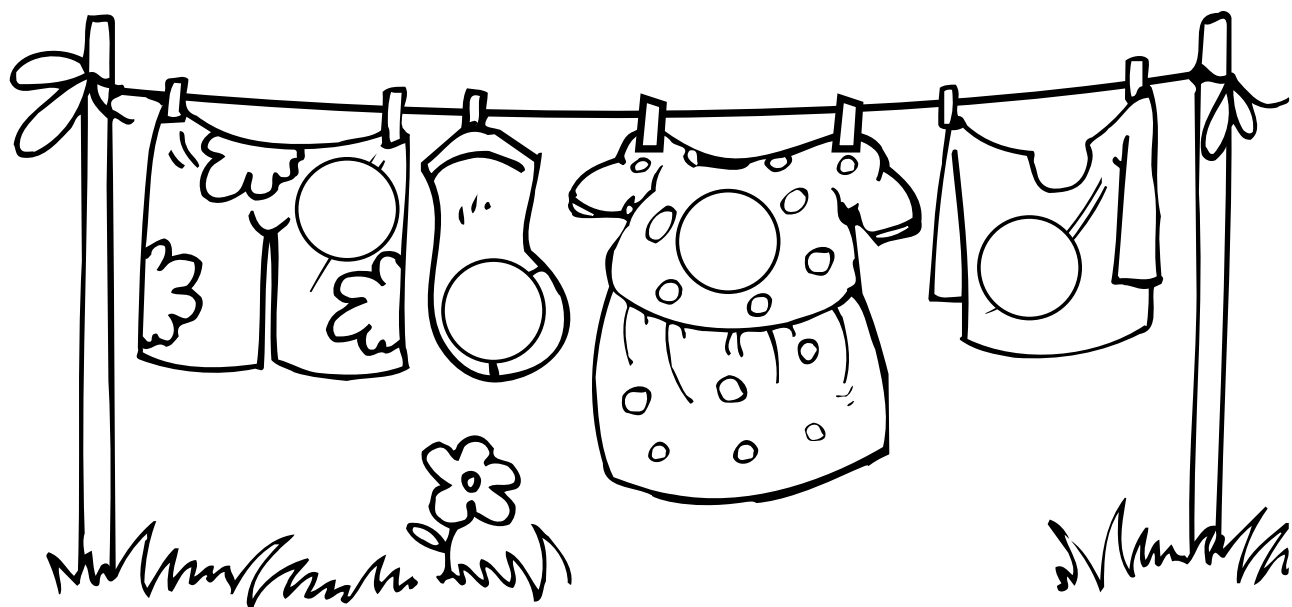

To są cztery
piłki małe
do zabawy
doskonale.

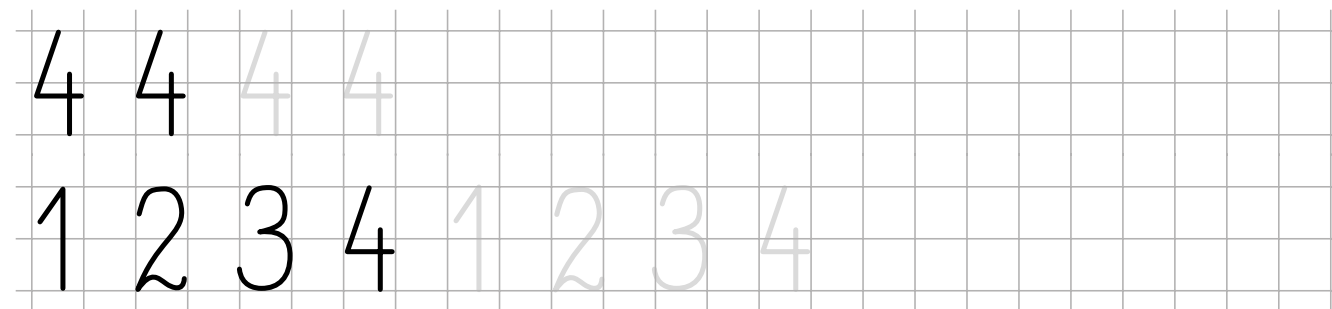

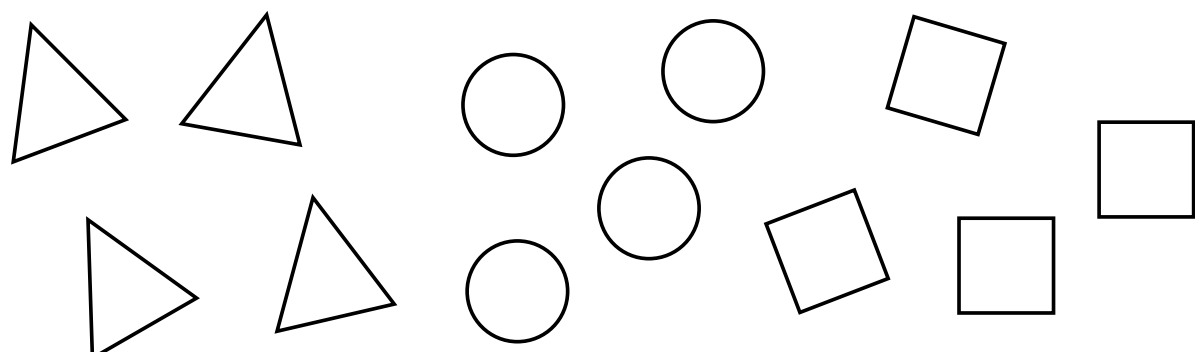

cztery

- Ponumeruj kolejno ubrania.

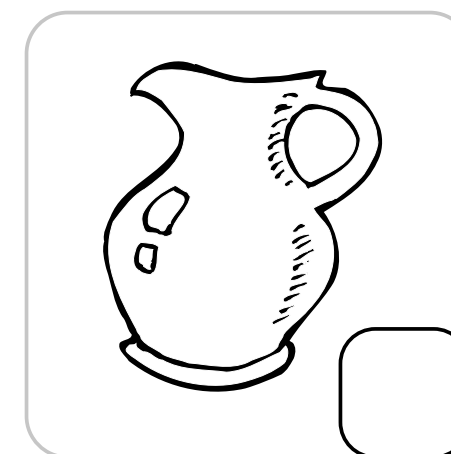

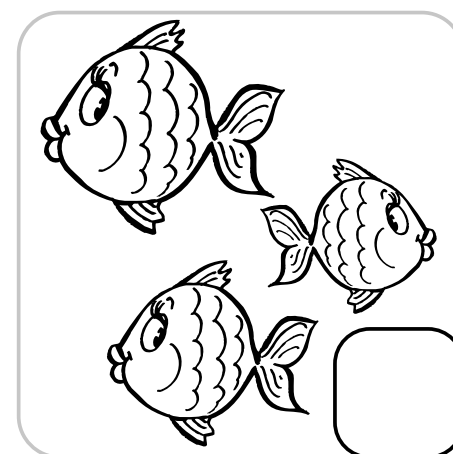

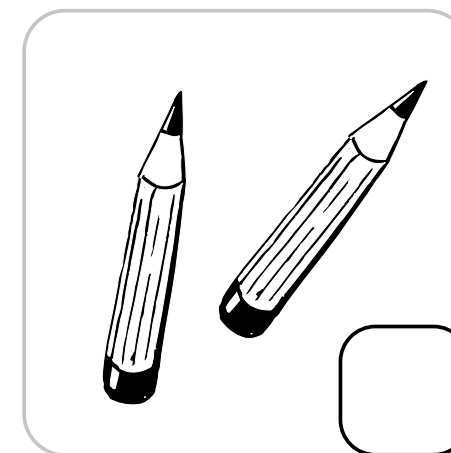

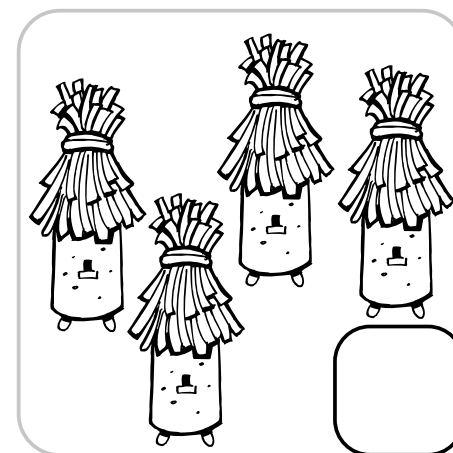

- Otocz pętlami figury geometryczne o tych samych kształtach.

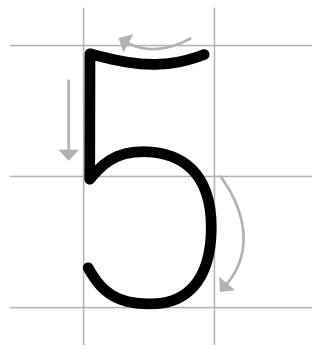

- Pokoloruj tyle kótek, ile wskazują podane liczby.

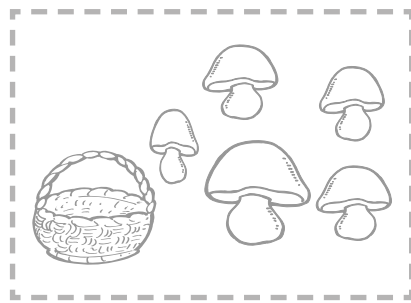

- Napisz w kratkach liczby, które wskazują, ile jest elementów.

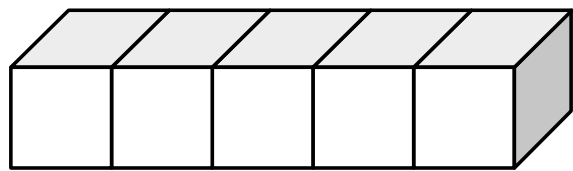

Pięć grzybków
zebrałem w borze
i w koszyczku
je ułożę.

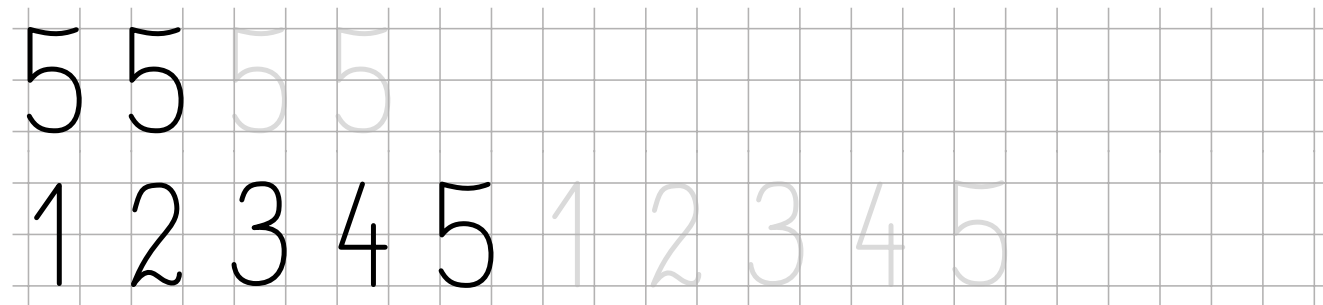

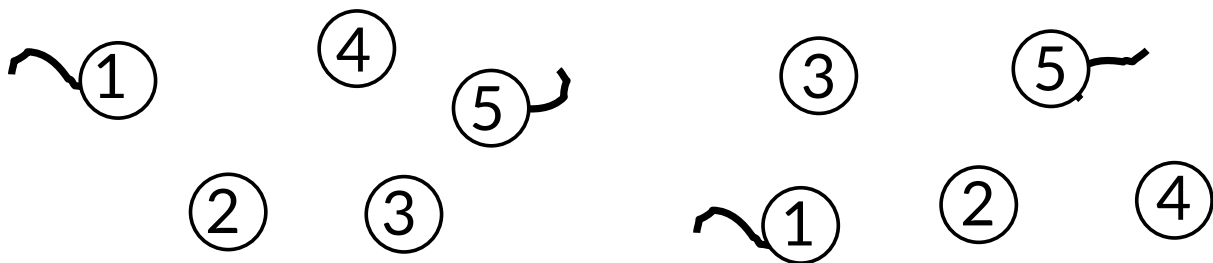

pięć

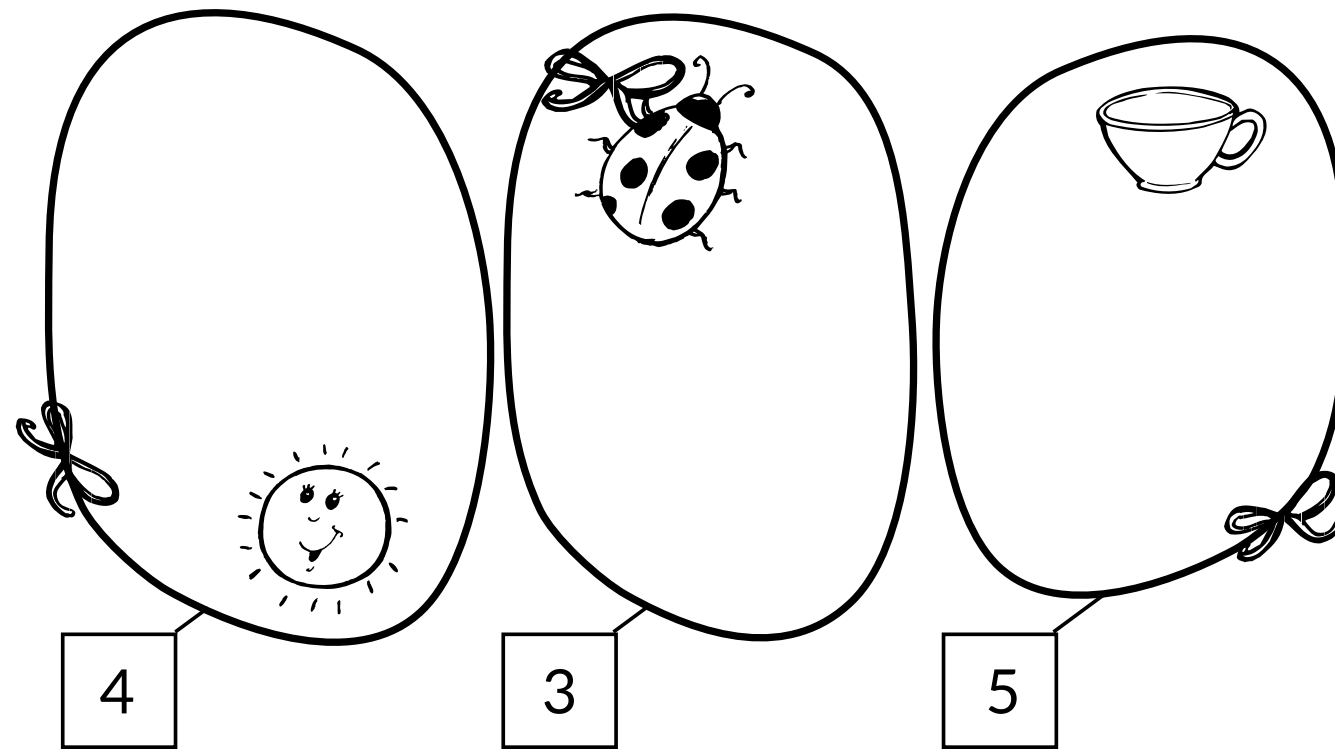

• Połącz kolejno narysowane postacie.

• Połącz nitkami koraliki.

• Dorysuj brakujące elementy tak, aby było ich tyle, ile wskazują liczby.

• Narysuj tyle kresek, ile jest jabłek.
